PERFORMANCE**view**360

PerformanceView360 provides an objective summary of your employees' strengths and areas of development

The tool assesses critical competencies required for competitive performance in three areas

- Project/Task Management
- Interpersonal/Team
- Communication

PerformanceView360 is designed for non-supervisory and non-management personnel. It can be used for all professional, technical, and administrative employees working as an independent contributor, or as part of a team.

PerformanceView360 is ideal for use in coaching, skill based training programs, succession/talent management programs and career development. It supports the developmental section of corporate performance evaluation systems.
